Reference: Invitation to participate as exhibitor at the 2007 ICU Vienna

Ladies and Gentlemen,

On behalf of the local organizing committee, it is my pleasure to invite your company to participate in the exhibition program which will be organized within the frame of the 2007 ICU International Congress on Ultrasonics in Vienna, April 10 - 12, 2007.

The aim of the conference is to bring together scientists from industry, academia, government, and suppliers of equipment for ultrasound applications. Along with the scientific program an attractive exhibition of companies and instruments will give the opportunity to congress participants to obtain information about the newest developments on the market. In this context, I would like to inform you that during the previous WCU Congresses in Paris 2003 and Beijing 2005 the products of about 20 manufacturers have been presented to about 500 participants from around the globe with a great response.

I would also like to emphasize that the conference will be held in a new building of the Vienna University of Technology with a modern infrastructure. According to our experience with previous events, this will be a good basis for a successful congress.

Finally, I would like to let you know that the congress location is situated in the center of Vienna with opportunities for numerous cultural and touristic activities. Moreover, the event will be accompanied by an attractive social program, so that you will certainly feel very comfortable in our city.

Since your company fits in the scope of the conference, we would like to offer you various options for participating and advertising at the 2007 ICU Vienna. For details concerning the different opportunities, please take a look at the attached information sheet.

Timely information about the 2007 ICU can be found at

<http://www.ICUltrasonics.org>

In case you have any particular questions about the exhibition, please do not hesitate to contact

Prof. Dr. Martin Gröschl
ICU Treasurer and Exhibition Organizer
Vienna University of Technology
Institut für Allgemeine Physik
Wiedner Hauptstr. 8/E134
A-1040 Wien

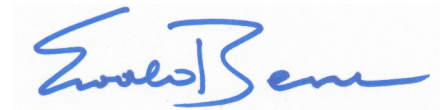

Phone: +43 (0)1 58801-13471

Fax: +43 (0)1 58801-13499

E-mail: exhibition@ICUltrasonics.org

I look forward to welcoming you at the 2007 ICU in Vienna.

Yours Sincerely

Ewald Benes
President of the ICU Board
